INTERGOVERNMENTAL REVIEW

CLEARINGHOUSE REPORT

January 16 through January 31, 2004

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **January 16 through January 31, 2004**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

Project descriptions on both listings are organized by county: Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura. State plans and other multi-county plans, projects and proposals are grouped under the "Multi-County" heading at the beginning of the IGR Clearinghouse Report.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **February 15, 2004**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address:	Southern California Association of Governments Intergovernmental Review Section 818 West Seventh Street, 12 th Floor Los Angeles, CA 90017-3435
Telephone:	(213) 236-1800
Fax:	(213) 236-1962

Questions regarding the Clearinghouse Report should be directed to Laverne Jones, (213) 236-1857.

ANNOUNCEMENT

The comment due date for the Draft Environmental Impact Report (EIR) on the SCAG Regional Transportation Plan (RTP) is **February 9, 2004, 5:00 p.m.** For further information contact Ted Harris, Regional Environmental Planner, at (213) 236-1916 or e-mail: harrist@scag.ca.gov.

California Department of Fish and Game
Newhall Ranch Specific Plan: Long-term Streambed Alteration Agreement and Endangered Species Incidental Take Permit
Contact: Morgan Wehtje,

The Newhall Ranch Specific Plan is located in northern Los Angeles County and encompasses about 12,000 acres. The Santa Clara River and State Route 126 ("SR-126") traverse the northern third of the site. The river extends about 5.5 miles across the site. In May 2003, the Los Angeles County Board of Supervisors approved the Specific Plan, which establishes the general plan and zoning designations necessary to develop the site with residential, commercial, mixed use, and open space over the next 20 to 30 years. The Newhall Ranch Specific Plan also includes a Water Reclamation Plant.

Individual projects, such as residential, commercial, and industrial developments, bridges, roadways, and other public facilities will be developed over time in accordance with the development regulations and guidelines in the approved Specific Plan. Many of these project-level developments will require work in and near the Santa Clara River, its side drainages, and some upland areas. The project proponent and landowner, The Newhall Land and Farming Company (Newhall Land), has requested a long-term Streambed Alteration Agreement issued pursuant to Fish and Game Code section 1605 (1605 Agreement) and an Endangered Species Incidental Take Permit issued pursuant to Fish and Game Code section 2081 (2081 Permit) from the California Department of Fish and Game (CDFG) for this work.

Tentative Tract Map No. 31644/Change of Zone No. 06880/Agricultural Preserve No. 00908
Contact: Jerry Guarracino, (909) 955-3626

Tentative Tract Map No. 31644 is a Schedule 'A' Map that proposes to subdivide and grade approximately 132 gross acres into 427 residential lots, with a minimum lot size of 7200 square feet. This development would include a 4.95-acre park site, and approximately 7 acres of open space.

Change of Zone No. 06880 proposes to change the zoning classification of the site A-2-10 and W-1-10 to R-1.

Agricultural Preserve No. 00908 is a request to diminish the size of the Mira Loma Agricultural Preserve No. 8 by removing 132 gross acres. The Williamson Act contract for acreage being removed from the agricultural preserves expired January 1, 1996.

North of Bellegrave Avenue and west of Etiwanda Avenue. The project site is divided into two parcels by the Day Creek Channel, which traverses the site from north to south.

Lake Elsinore and San Jacinto Watersheds Authority
Lake Elsinore Striped Bass Release
Contact: Mark Norton, (909) 785-5411

For the Lake Elsinore Striped Bass Release Project, 5,000 striped bass or hybrids (striped bass x white bass cross) will be released into Lake Elsinore starting in the winter and spring of 2004. These fish will be released to determine the effectiveness of such stocking to control the threadfin shad and carp populations. Striped bass and hybrids are being proposed because they are effective predators of shad and juvenile carp and both could quickly grow to the large size necessary to prey upon pelagic schooling fish like threadfin shad.

Because shad feed on zooplankton a reduction in their population may result in an increase in zooplankton that feed on algae. The desired result of this project is that this increase in zooplankton should result in a decrease in algae production. A reduction in carp would also benefit water quality and the fish community.

The project will be located within Lake Elsinore, City of Lake Elsinore, Riverside County.

February 1 through February 15, 2004

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **February 1 through February 15, 2004**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

Project descriptions on both listings are organized by county: Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura. State plans and other multi-county plans, projects and proposals are grouped under the "Multi-County" heading at the beginning of the IGR Clearinghouse Report.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **February 29, 2004**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

The River Village Project, Project No. 00-196, TR 53108

Contact: Hsiao-ching Chen, (213) 974-6461

The applicant, Newhall Land and Farming Company, proposes to develop the site with 1,444 residential units, up to 1.5 million square feet of non-residential mixed-use space, along with a 7-acre elementary school and public recreational facilities. The project also includes all on-site and off-site infrastructures necessary to support the proposed project, including a domestic water system, sanitary sewer system, and a drainage network. The EIR will also analyze the construction of the Long Canyon Road Bridge across the Santa Clara River. The site is located south of State Route 126 (SR-126), north of the Santa Clara River and west of Castaic Creek near the intersection with Chiquita Canyon Canyon Road.

Proposed Hi-Grade Materials Mine Expansion

Contact: Richard Kite, (661) 267-5200

Hi-Grade Materials currently operates a 120-acre sand and gravel surface mining operation on approximately 371-acre site generally located between Avenue S-8 on the north, Pearblossom Highway on the south, 62nd Street East on the west and 70th Street East on the east, within the City of Palmdale and a portion of Los Angeles County, California, as shown on the attached map. Hi-Grade Materials has submitted applications to the City of Palmdale to expand the current mining operations and consolidate the existing entitlements under a single Conditional Use Permit and state mandated Reclamation Plan on approximately 371 acres.

I20040069

Date Received 2/10/2004 Date Comments Due 3/10/2004
County of Los Angeles Department of Regional Planning
Project No. 03-249 (Tick Canyon)
Contact: Roxanne Tanemori, (213) 974-6461

The proposed project involves the subdivision of the 502-acre property to accommodate 492 single-family residential units. Preliminary hillside density analysis indicates an upper limit density of 496.2 units on the subject property. In addition, an approximately 34-acre park site would be graded for subsequent development as either a neighborhood or regional park.

The proposed project site is located in Santa Clarita Valley in an unincorporated area of Los Angeles County known as "Canyon Country." The approximately 502-acre project site abuts the northeastern corner of the City of Santa Clarita but is not located within the City's adopted Sphere of Influence.

Date Received 2/10/2004 Date Comments Due 4/12/2004
City of Long Beach
PacifiCenter @ Long Beach
Contact: Angela Reynolds, (562) 570-6357

Boeing Realty Corporation (Boeing), the project Applicant, proposes PacifiCenter @ Long Beach, which will result in the development of approximately 261 acres of former and existing Boeing C-1 aircraft production facilities located within the Cities of Long Beach and Lakewood. Project implementation will provide for the replacement of over five million square feet of research and development (R&D), office, warehousing, manufacturing, and other aviation-related floor area previously occupied on the project site with new R&D, light industrial, office, retail, hotel, residential, aviation-related, and ancillary uses.

The project is located approximately 5 miles northeast of downtown Long Beach and immediately north of the Long Beach Municipal Airport. The majority of the site (approximately 238 acres) is located within the City of Long Beach, which the remaining portion of the site (approximately 23 acres) is located within the City of Lakewood. In general, Carson Street bound the project site on the north, the Airport on the south and southwest, Lakewood Boulevard on the east, and the Lakewood Country Club and the Airport on the west.

This project would build a new improved two-lane road on the general alignment of the existing unimproved dirt entrance road (Ban Canyon Road) for a distance of approximately 2 miles. Construction would relocate the road onto a more favorable alignment, as feasible, and utilize retaining ways to reduce cut and fill slopes. The proposed project would also construct a multi-use trail, include underground utilities, a trailhead, road drainage facilities, a park entrance station with utilities, a scenic overlook, a maintenance storage area, a comfort station, erosion control measures, and minor intersection improvements. The proposed project is located in San Bernardino County at the northern end on Chino Hills State Park adjacent to the City of Chino Hills.

The proposed project consists of the demolition of three residential structures and the subsequent construction of a multiple-family residential condominium building. The proposed new multiple-family structure would be three-stories in height, including a first floor level of thirteen (13) parking spaces and two stairwells, with the remaining upper two floor levels containing nine, two-story townhouse style units. Each residential unit would contain two bedrooms (one per floor) and two bathrooms. The proposed project is located at the northeast corner of North Ash and Front Streets. This site is located within the Downtown Community planning area of the City of Ventura.

The proposed project consists of the subdivision of a single approximate 18,557 square foot lot into two lots of 13,210 and 5,347 square feet, and the subsequent development of one two-story, single-family residence with a "granny flat" on one lot and a five-unit apartment building on the other lot. The project site is located within the Catalina Community planning area in the City of Ventura. Coronado Street binds the project site to the west, Jordan Street to the east, a vacant lot and fast food restaurant to the north, and single-family residences to the south.
